Specially formulated for all types of:
- Plant
- Machinery
- Agricultural Implements
- Machines
- Tools

Resistant to:
- Gasoline
- Oils
- Grease
- Mild Chemicals
- Weak Alkalins

Drying time: 1\frac{1}{2} - 2 hours
Recoatable after: 6 - 8 hours
Spreading rate: 400 - 420 sp. ft./gal

One Coat Will Normally Give Adequate Coverage Due To Its Exceptional Opacity Except Where Radical Change In Shade Is Desired.

Colours shown may differ slightly from actual Sissons Paint colours due to differences in surface texture, lighting & aging of colour card.
