All Sissons products are proudly manufactured in the Caribbean. Our coatings are formulated and tested to withstand the rigors and ravages of tropical weather. We are committed to producing the best products, with the best value for our customers. We are an ISO 9000:2004 certified company. All of our waterborne coatings (based on water rather than organic compounds) this means that you can paint without worrying about harmful fumes. Our premium line of exterior and exterior products is certified with cutting edge soft curing technology, powerful anti-fungal and anti-microbial bacteria, all combined with excellent opacity (high hiding power). We have the right type of paint for each project that you are undertaking.

* Please use an appropriate primer before application of this product.

Available in Grenada only.

The colours shown here are grouped into nine three-colour schemes. Each scheme is composed of a suggested main colour and two related or complimentary colours. These colours can also be the inspiration for interior furnishings and accessories.

Due to the printing process, differences in the surface texture, local lighting conditions and aging of colour cards, colours shown may differ slightly from the actual Sissons Paint colours.

**TROPICAL MODERNE COLOUR COLLECTION**

* REFINED ELEGANCE

This collection of subtle, sophisticated and quietly elegant colours. The hues that make up this palette are sub-dued and convey a sense of solidity, luxury and classic refinement.
