All Sissons products are proudly manufactured in the Caribbean. Our coatings are formulated and tested to withstand the rigors and ravages of tropical weather. We are committed to producing the best products, with the best value for our customers. We are an ISO 9001:2008 certified company. All of our products have been approved by the WPA (World Paint and Varnish) for use in the Caribbean. This means that you can paint without worrying about harmful fumes. Our premium line of exterior and interior paints is fortified with cutting-edge anti-fouling technology, powerful anti-fungal and anti-mildew barriers, all combined with excellent opacity (high hiding power). We have the right type of paint for each project that you are undertaking.

**YOUTHFUL VIBES**

---
The colours shown here are grouped into nine three-colour schemes. Each scheme is composed of a suggested main colour and two related or complimentary colours. These colour schemes should not just be viewed as only paint choices, but can also be the inspiration for interior furnishings and accessories.

Due to the printing process, differences in the surface texture, local lighting conditions and aging of colour cards, colours shown may differ slightly from the actual Sissons Paint colours.

TROPICAL MODERNE COLOUR COLLECTION
A fresh new look at life in the contemporary Caribbean.

YOUTHFUL VIBES
This is a collection of colours for the young and the young at heart who love to be bold and daring at the same time.
