Available in  
Weather Guard, Super Matt  
& Super Gloss

**Disclaimer:** \*To achieve optimal colour and hiding performance of accent base colours, multiple coats, along with the relevant base colour are required depending on surface conditions. In making your exterior selections, consider that certain red, blue and yellow pigments may tend to fade with outdoor exposure. Please consult your Sissons Paint Infinity Colour Shop representative for FREE technical advice. The colour or finish of the actual paint may vary slightly from the colour sample shown as age, light, heat and mechanical coating affect colour samples. All colours shown here are made only upon request. All colours displayed in Super Matt Premium Flat Emulsion.
